

**REMARKS**

In response to the Notice to File Missing Parts of Nonprovisional Application having a mailing date of April 13, 2004, a copy of which is attached hereto as required, Applicants have prepared this amendment to direct the insertion of the "Sequence Listing" into the specification, as required. Applicants have also amended the specification to insert the sequence identification numbers where required.

Applicants assert that the amendments to the specification contain no new matter.

Applicants respectfully assert that all amendments are fairly based on the specification, and respectfully request their entry.

Early and favorable consideration is requested.

Respectfully submitted,

Li Cai
